

With the technology that exists these days, a lot of companies can claim that they have no particular boundaries nationally, or even internationally. While there are many aspects of a partnership that can be executed “virtually”, there many of the services that RGB Services offers that are best suited by personal contact. In spite of that, there are no limitations to where services can be rendered. In fact, Client locations having included: Alabama, Indiana, Michigan, Mississippi, New York, Ohio and Tennessee. While our initial office is located in Ohio and Arizona, we are establishing a presence out West with another location in the Greater Phoenix area.
